REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claimed subject matter differs from the prior art such as Maroulis et al. (US 6584094 B2) and Shaffer et al. (US 6751210 B1) in that there is a determination whether a user of the first POTS telephony device has an appropriate amount of credit to use the second telecommunication device to establish telecommunications between the first and second POTS telephony devices. Maroulis and Shaffer appear to coincide with applicant's admitted prior art where charges would have been associated with accessing the PSTN and the Internet, rather than a secondary telecommunication device coupled to the secondary POTS telephony device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 571-272-3125. The examiner can normally be reached on Mon-Fri 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hassan Kizou can be reached on 571-272-3088. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
